Attachment B.1(c) Deconcentration Policy

Deconcentration of Poverty and Income-Mixing [24 CFR 903.1 and 903.2]

The PHA's admission policy must be designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. A statement of the PHA's deconcentration policies must be in included in its annual plan [24 CFR 903.7(b)].

The PHA's deconcentration policy must comply with its obligation to meet the income targeting requirement [24 CFR 903.2(c)(5)].

Developments subject to the deconcentration requirement are referred to as 'covered developments' and include general occupancy (family) public housing developments. The following developments are not subject to deconcentration and income mixing requirements: developments operated by a PHA with fewer than 100 public housing units; mixed population or developments designated specifically for elderly or disabled families; developments operated by a PHA with only one general occupancy development; developments approved for demolition or for conversion to tenant-based public housing; and developments approved for a mixed-finance plan using HOPE VI or public housing funds [24 CFR 903.2(b)].

Steps for Implementation [24 CFR 903.2(c)(1)]

To implement the statutory requirement to deconcentrate poverty and provide for income mixing in covered developments, the PHA must comply with the following steps:

Step 1. The PHA must determine the average income of all families residing in all the PHA's covered developments. The PHA may use the median income, instead of average income, provided that the PHA includes a written explanation in its annual plan justifying the use of median income.

Housing Authority of Savannah Policy

The PHA will determine the average income of all families in all covered developments on an annual basis.

Step 2. The PHA must determine the average income (or median income, if median income was used in Step 1) of all families residing in each covered development. In determining average income for each development, the PHA has the option of adjusting its income analysis for unit size in accordance with procedures prescribed by HUD.

Housing Authority of Savannah Policy

The PHA will determine the average income of all families residing in each covered development (not adjusting for unit size) on an annual basis.

Step 3. The PHA must then determine whether each of its covered developments falls above, within, or below the established income range (EIR), which is from 85% to 115% of the average family income determined in Step 1. However, the upper limit must never be less than the income at which a family would be defined as an extremely low-income family (federal poverty level or 30 percent of median income, whichever number is higher).

Step 4. The PHA with covered developments having average incomes outside the EIR must then determine whether or not these developments are consistent with its local goals and annual plan.

Step 5. Where the income profile for a covered development is not explained or justified in the annual plan submission, the PHA must include in its admission policy its specific policy to provide for deconcentration of poverty and income mixing.

Depending on local circumstances the PHA's deconcentration policy may include, but is not limited to the following:

- Providing incentives to encourage families to accept units in developments where their income level is needed, including rent incentives, affirmative marketing plans, or added amenities
- Targeting investment and capital improvements toward developments with an average income below the EIR to encourage families with incomes above the EIR to accept units in those developments
- Establishing a preference for admission of working families in developments below the EIR

- Skipping a family on the waiting list to reach another family in an effort to further the goals of deconcentration
- Providing other strategies permitted by statute and determined by the PHA in consultation with the residents and the community through the annual plan process to be responsive to local needs and PHA strategic objectives

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA must not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy [24 CFR 903.2(c)(4)].

If, at annual review, the average incomes at all general occupancy developments are within the EIR, the PHA will be considered to be in compliance with the deconcentration requirement and no further action is required.

Housing Authority of Savannah Policy

For developments outside the EIR the PHA will take the following actions to provide for deconcentration of poverty and income mixing:

The HAS will skip over families on the waiting list to reach higher income families in an effort to further the goals of deconcentration.

Order of Selection [24 CFR 960.206(e)]

The PHA system of preferences may select families either according to the date and time of application or by a random selection process.

Housing Authority of Savannah Policy

The HAS does not currently have any established preferences. Families will be selected on a first-come, first-served basis according to the date and time their complete application is received by the PHA.

When selecting applicants from the waiting list, the PHA will match the characteristics of the available unit (unit size, accessibility features, unit type) to the applicants on the waiting lists. The PHA will offer the unit to the highest-ranking applicant who qualifies for that unit size or type, or that requires the accessibility features.

By matching unit and family characteristics, it is possible that families who are lower on the waiting list may receive an offer of housing ahead of families with an earlier date and time of application or higher preference status.

Factors such as deconcentration or income mixing and income targeting will also be considered in accordance with HUD requirements and Housing Authority of Savannah Policy.

Attachment B.1(d) Violence Against Women Act

15. Violence Against Women Act (VAWA)

In accordance with 24 CFR 903.21, the Housing Authority of Savannah has incorporated the states and provisions of VAWA into its Admissions and Continued Occupancy Policy (ACOP) and Housing Choice Voucher Administrative Plan to protect victims of domestic violence, dating violence, sexual assault and stalking.

The VAWA section of the ACOP and Administrative Plan outlines HAS policies and procedures regarding victim documentation, termination/eviction of a perpetrator of domestic violence, and confidentiality requirements.

HAS is committed to the safety and welfare of all residents and has an ongoing partnership with SAFE Shelter, as governed through a Memorandum of Understanding. Safe Shelter provides outreach program services, domestic violence training, emergency shelter and comprehensive services including a state of the art facility that provides accommodations for victims of domestic violence.

Attachment B.2(b) New Activities

Mixed Finance Modernization or Development.

In order to diversify and expand the supply of assisted housing units in its jurisdiction, The Housing Authority of Savannah desires to develop new public housing from its Faircloth Authority under the Mixed Finance Program. In FY 2023, the Housing Authority of Savannah plans to receive and select proposals from developers and owners of multifamily rental housing interested in developing public housing units that are pre-approved to be converted to a long term Section 8 contract, through a streamlined "Faircloth-to-RAD" process. The planned solicitation should result in an amount not to exceed 200 units being added to the Authority's portfolio by 2025.

Demolition and/or Disposition.

The Housing Authority of Savannah plans to submit a Section 18 Inventory Removal Application for the demolition of 315 units at Yamacraw Village during the plan year. The timeline for submission of the demolition/disposition application to the HUD Special Applications Center (SAC) is by the third quarter of 2023.

The demolition of Yamacraw Village was adopted as part of HAS's Public Housing Repositioning Plan in June 2020. The decision to demolish was informed by a 2019 Capital Needs Assessment, which qualified Yamacraw for demolition and disposition under requirements of Section 18 of the Housing Act of 1937. Development details is provided in the table below. *Please reference the Appendix for the full address listing of the units at Yamacraw Village to be demolished*.

Conversion of Public Housing.

HAS has made a strategic decision to begin the repositioning of its properties to the HUD Rental Assistance Demonstration (RAD). HAS will evaluate redevelopment and repositioning opportunities for the remaining portfolio of traditional public housing (projects outlined above). During the plan year 2023, HAS may begin conversion of the above projects to Project Based Vouchers (PBV) or Project-Based Rental Assistance (PBRA) under the guidelines of PIH Notice 2019-23, Rev-4 and any successor notices.

Upon conversion to PBV or PBRA, HAS will adopt the resident rights, participation, waiting list and grievance procedures listed in Sections 1.6 C and D (PBV), or 1.7 B and C (PBRA) of PIH Notice 2019-23, Rev-4. Additionally, HAS is currently compliant with all fair housing and civil rights requirements and is not under a voluntary compliance agreement. RAD was designed by

HUD to assist in addressing the capital needs of public housing by providing HAS with access to private sources of capital to repair and preserve its affordable housing assets. Please be aware that upon conversion, HAS's Capital Fund Program budget will be reduced by the pro rata share of public housing developments converted as part of the Demonstration, and that HAS may also borrow funds to address their capital needs. HAS also plans to contribute operating reserves and capital funds. The contribution amount will be determined based on funding availability.

Occupancy by Police Officers.

HAS plans to designate a unit in Herbert Kayton Homes as a dwelling unit for an officer of the Savannah Police Department.

Project-Based Vouchers.

In FY2023, the Housing Authority of Savannah plans to utilize a portion of its Housing Choice Voucher (HCV) allocation for new Project Based Vouchers. Through competitive solicitation, the Authority plans to select developers and owners of multifamily rental housing interested in receiving project based rental assistance while housing families of low and very low income. With the placement of Project Based Vouchers, the Authority's intention is to encourage the preservation of affordable rental units through renovation, and/or the development of new affordable rental units through new construction.

Other Capital Grant Programs.

HAS may submit an application for the Emergency Safety and Security Grant during FY 2023. The application will be in partnership with the Savannah Police Department.
